be greatly reduced.
"Utah is the only state in the union with an ozokerite deposit. If the deposit near Tucker prove to be of any size this state will supply the United States." gang of twenty-one men is at work at the Tucker property now, but this number will be increased later."

STRIKE HOLDING OUT WELL.

Columbus Con. and South Columbu Are Showing Splendidly.

Tony Jacobson, manager of the Columbus Con., returned yesterday from a four-day visit at that property and the South Columbus in Alta. Mr. Jacobson is elated over the conditions prevailing at both properties and in the little campenerally.

generally.
"The strike made in the Columbu "The strike made in the Columbus Tuesday night was a dandy," he said enthusiastically. "The ore was reached by a cross cut run from a point close to the mouth of the tunnel. The ore is a \$50 galena, covering the hanging walls and scattered along the foot walls. The miners are following the lead closely and it is showing up better steadily. We have not had enough time yet to get any idea how much ore is there, but all indications point to permanency. No. 3 idea how much ore is there, but all indications point to permanency. No. 3 shaft, from which large quantities of ore are being extracted, is looking fine also. Drifting is being done extensively at a depth of 300 feet and these several drifts are furnishing the Columbus Con.'s mill with a good milling ore, as well as plenty of first-class ore which is shipped direct to the smelters. The ore in shaft No. 3 is a \$50 ore. One shift is being worked on our 150-ton mill. This is grinding stuff found in prospecting. The ore from the newly discovered vein is being shipped direct.

direct.

"Work of putting the lower tunnel in the South Columbus is advancing rapidly and almost completed. The tunnel will be cleared tomorrow night right into the face, a depth of 1,100 feet. The air is bad in the tunnel from years of idleness and lack of ventilation. To overcome this, air will be run from the Columbus Con.'s compressor. The distance between the plant and the mouth of the tunnel, about 3,000 feet, is already covered with a stretch of 1½-inch pipe. This will be continued into the tunnel. This work will commence tomorrow if the workmen finish cleaning up in the tunnel as excleaning up in the tunnel as ex-

pected.

"While there is no doubt that the old tunnel has ore bodies already opened, no one knows where these are. Exploring will be done until every corner has been examined. Ore is thought to be uncov-

SALT LAKERS HAVE BIG THING.

Nevada Hills at Fairview Considered a Coming Bonanza.

Good reports are arriving daily from the Nevada Hills, a property being developed in Fairview by Salt Lake men. The stock is strong at \$2.70 on the local exchange. The Fairview News, in a recent issue, had this to say of the mine:

"The second car of ore from the Nevada Hills mine was settled for at Salt Lake last week at \$228 per ton, going the first shipment better \$19 per ton. A very close check has been kept on all the ore sacked so far, and the returns from both shipments have been highly satisfactory. There are now two other shipments on the way to the sampler, and even better results will be heard when they reach their destination. In the meantime much interest centers in the rich shipment that

Utah Stocks in Boston.

Following is the list of Utah and other stocks traded in on the Boston exchange yesterday showing the range of prices and the number of shares sold. Accompanying the report, which is furnished by James A. Pollock & Co.. is the market letter of Paine, Weber & Co., as follows:

Boston, July 28.—The present market looks good to us. There was more buying of the local coppers today than we have seen for several months. Copper Range, Utah Consolidated and Osceola were the favorites, as they ought to be. For an investment of speculation, we advise the purchase of good dividend-paying coppers for a turn at least. Public sentiment has changed radically in the past week, and we think that we shall have a big market for some little time to come.

DIAMOND COAL.

Nothing is more discouraging than to have an unhealthy sore or ulcer resist one treatment after another, sometimes scabbing over and apparently getting well, then returning with renewed energy and becoming worse than before. Sores and ulcers are not due to outside causes; if they were, salves, plasters, lotions, etc., would cure them. They are kept up by a diseased and polluted condition of the blood brought on by the absorption of refuse and waste matters of the body into this vital fluid. These accoumulations find their way into the blood, usually because of an inactive and sluggish condition of the system. Nature intends that they shall be carried off through the usual channels of waste, but the different members failing to perform their duties properly leave the matter to sour and ferment. The blood then, in its effort to keep the system healthy, absorbs these poisons and at the first bruise, cut or wound the sore is formed, and the constant drainage of foul matter through it keeps the place open and irritated

so it cannot heal. Another cause for old sores and ulcers is the polluting or weakening of the blood from the remains of some constitutional trouble or the

effects of a long spell of sickness. S. S. S. begins at the fountain-head and drives out all poisonous matter and germs, and makes a last-PURELY VEGETABLE. ing cure. As soon as the system gets under the influence of S. S. S. the inflammation gradually leaves, the flesh takes on a healthy color, and soon the place is permanently healed. Book on sores and ulcers and any medical advice with-

SHORES WHLL GIVE YOU A TRIAL FREE OF CHARGE TO PROVE TO YOU THAT THE "NEW TREATMENT" CURES ALL CATARRHAL DISEASES QUICKLY AND SURELY.

ONE TREATMENT CONVINCES—AND IT IS FREE TO ALL WHO APPLY IN PERSON.

Don't wait, COME NOW, and one treatment will convince the most skeptical that Drs. Shores' NEW treatment is the medical discovery of the age. You will not be asked to take treatment or pay a cent, the offer is fair and square, and is given NOT AS A CHARITY, but to prove once and for all that this NEW TREATMENT gives instant relief and quickly cures all Catarrhal Chronic diseases. REMEMBER, YOU HAVE ONLY THREE DAYS MORE; THE OFFER CLOSES FOREVER TUESDAY NIGHT, JULY 31, AT 8 O'CLOCK. COME AND BRING YOUR FRIENDS.

CATARRH A DISGUSTING DISEASE.

People grow so accustomed to having "slight catarrh," as they term it that they neglect it, until it reaches a dangerous point—and then they gladly pay double what it would have cost in the first place to have it cured. We are becoming a nation of "spitters." Stand on the street corner any day, and watch the crowds. You will see man after man hawk and spit; while refined ladies hold their ears and give them a wide berth—and the men never know why they are repulsive to women. The ladies themselves are not all guiltless, for you will see many fashionably-dressed ladies step to the curb and do the same thing, and a blush of shame creeps over their faces, because "THEY CAN'T HELP IT." This fiithy habit, which has become so dangerous that it was necessary to pass an ordinance prohibiting spitting on the streets, CAN BE STOPPED if the people would wake up and have their Catarrh CURED. Banish the street spitter, banish the cuspidor from the home—don't contaminate young and healthy babies and children. CURE THAT CATARRH NOW, and you will feel better yourself and not be repulsive to your friends. Come to Drs. Shores' offices any time before Tuesday night, and receive a trial treatment FREE—just to prove to you that you can be cured quickly and cheaply.

cheaply.

AFTER YOU HAVE TRIED THE TREATMENT FREE—THEN IF YOU DE-SIRE TO BE TREATED UNTIL CURED, DRS. SHORES WILL TREAT ALL WHO APPLY WITH CATARRHAL CHRONIC DISEASES FOR \$1 PER TREAT-MENT OR \$15 FOR A COMPLETE COURSE UNTIL CURED. CONSULTATION FREE AND CONFIDENTIAL FOR ANY DISEASE.

WE TREAT AND CURE.

WE IREA AND CURE.

To properly administer this new catarrh treatment at home. Drs. Shores have secured two kinds of instruments for use of their patients who cannot call at the office. One for cleansing and rendering the membrane antiseptic, and one for administering the curative oils direct to the diseased membranes. These two instruments are given FREE with each full course of treatment, and the entire course, including instruments and medicines to complete a cure, is \$15 only. Remember this does not mean \$15 a month, but \$15 for a cure. There is no more "treating by the month" for catarrh, since this new discovery cures quickly and surely.

SHORES' MODERN METHODS IN all private diseases that you may arrange to pay the fee for a Cure in small weekly or monthly installments, as the cure progresses, or you may PAY WHEN CURED. No matter what your trouble is, or who has failed to cure you, consult these Master Specialists, free of charge, and learn how you can yet be cured. CALL OR WRITE.

WEAK MEN.

So-called "Weakness" in men ts merely a symptom of chronic inflammation in the prostate gland, brought on be early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is, therefore, a question of restoring the prostate gland to its normal state, and this we accomplish promptly and completely without the use of internal remedies. Our treatment is a local one entirely. It is original and scientific, and has been proved absolutely effective by thousands of tests. We are convinced that by no other methods can full and permanent restoration of strength and permanent restoration of strength
